

Vadzim Antanovich

Web developer: websites, internal systems, end-to-end analytics

CONTACT

Portfolio and contact form: vadim.tabletools.ru

GitHub: github.com/vadimika1

Freelancer: freelancer.com/u/vadimika1

WHAT I DO

- Fixes and features on existing sites: Tilda, 1C-Bitrix, WordPress, Joomla, MODX, Webflow
- Builds from Figma and PSD designs, mobile-ready
- SEO fixes, speed, hosting and VDS moves
- Analytics: GA4, GTM, Yandex Metrica, Meta pixel
- Custom systems in Next.js and Python: booking with payments, portals, CRMs, bots, dashboards
- End-to-end analytics: ad → visit → order → revenue in one report

EXPERIENCE

Shot of Art (art studio chain in the US, remote)

- Own booking system to replace Peek Pro: widget, guest portal, staff console, 4,000+ automated tests; the Houston studio pilot is next
- End-to-end analytics and marketing, operations and finance dashboards
- Webflow site for 7 cities, a team portal with an AI assistant

Freelance: Kwork, Freelancer.com

- More than ten sites under maintenance: Mosoblteh, Clever Place, Kitayana, Zavod Eco Technologies, Dentagrafia, 1991 Coffee, DC Tuning and others
- Kwork rating 5.0, every order delivered

TableTools, my studio

- Dashboards and CRM for small businesses, site and demo: tabletools.ru

EDUCATION

Grodno State Polytechnic College, 2021–2025

- Vocational diploma, technician-programmer
- Major: Software for Information Technologies
